

**i-Attend**

No More Pen and Paper Sign-in Sheets!

For Events, Employee Training, Classes, Continuing Education, Contact Tracing and OSHA Compliance Reporting

## The better way to track attendance

We're on a mission to help you track attendance faster and more efficiently, so you can get back to the work that matters.

## Certificates, Registration, Surveys, Name Badges and more!

We designed i-Attend to make your work more efficient. Design custom name badges, certificates, evaluations and registration forms for your events. A single software with all the tools you need.

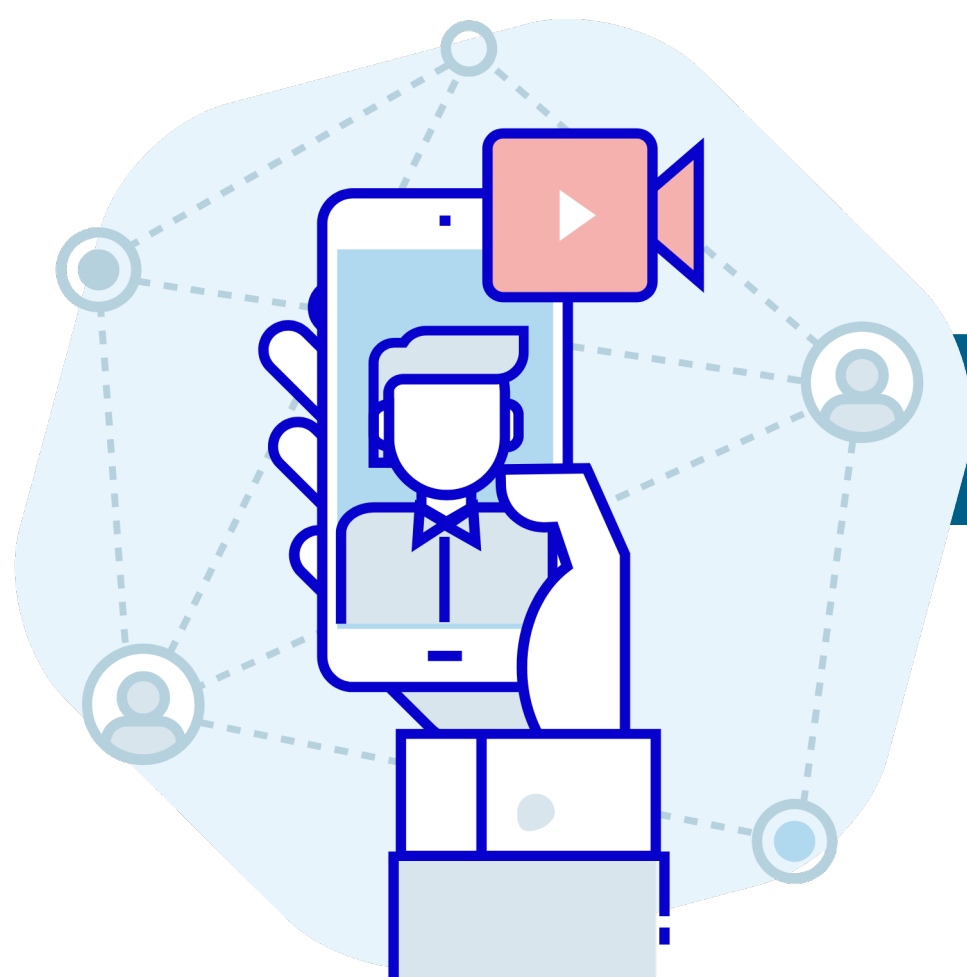

## Virtual and In-Person

Whether your event is in-person conference or a virtual/online class, i-Attend has the tools to make it successful. Use your existing credentials to authenticate. i-Attend supports RFID (Wave ID readers), QR Code and Barcode badges.

## A Cloud Platform with Mobile apps

Flexibility, availability and consistency are keys! Cloud allows your data to be available 24 x 7. Our mobile apps provide the power of flexibility and mobility for attendance and information accessibility.

## Affordable yet powerful solutions!

"Taking the work out of your paperwork. And the paper. And the pen."
